

FANBELT FLYER

President's Message by Miner Fleming

Summer is almost here. I would like to wish the members who have headed north a safe summer and hope to see you again in the fall. For those of us who stay here in the valley all summer, try and keep cool!

I would like to thank Larry Starr for compiling the responses to the club survey and to everyone who took the time to fill out and return the survey. There are many good ideas in the responses and I hope that with the help of everyone we may be able to implement many of the suggestions.

One suggestion that is easy to start is to feature a member's car in each Fanbelt Flyer. To start this off, I will put my 1962 Corvair Rampside in the next issue so you may see how it is progressing in its restoration. This Rampside was purchased from John Seaman in March of 2013 and I drove the Rampside until about October of 2013 when I then decided to bring it back to something close to new.

Please think about writing a short article about your Corvair project and adding a few pictures to go along with the article if you have them. I hope to see everyone's Corvairs in a future Fanbelt Flyer issue.

The meeting moved onto discussions of the survey's which was voted to be tabled until the next meeting so that Larry S. could pull it all together into one report for review.
