Prez Sez

Well The hot summer of Arizona is just about over. The 115 degree temp will be back next year. We have had 5 new members this year and the club has grown a little this year.

We want to welcome all the Snow birds that will be coming back. Hope the ones that are in the club come to the meetings and welcome the newbie's to the club. We have a few shows coming up, Adam is working on our 2nd Annual anniversary show this year. It is the 61 Corvairs Birthday, so help us celebrate in October. Watch the newsletter or come to the meeting Sept. 1st for time and date.

Gary and I will also startup the tech sessions again. Bob R. engine is almost complete and we will be putting it in the car.

We need some suggestions on were we will have our Inauguration banquet in November and our Christmas party so please come and join in on the fun. The elections will be at the October meeting.

I heard from a few about the Convention and read about it in the Corsa Communiqué. Was there anyone in the club that went to the convention and would be willing to share their story and if you have pictures we can include them in next meeting and also write something about the Fanbelt Flyer.

Reminder the Great western fan belt toss is coming up we will have a few things on that. That's all I got for now. See you at the club Meeting.

Your Prez John

Secretary's Minutes June 2010

The meeting was called to order at 7:03 PM by president Seaman.

We had a guest, Ernie Souter, who was introduced to the club.

The treasurer's report was accepted as published in The Fanbelt Flyer. The secretary's minutes from the May meeting were also published in the Flyer and were accepted after he had read them to those who don't read the Flyer.

A general discussion of potential next activities for the club occurred that didn't reach any conclusions. The secretary then spoke about a trip he had taken with fellow Honeywell retirees to the Palo Verde Nuclear (pronounced NOO-CLE-AR and not NUKULAR) Electric Power Generating Plant, and asked whether the club was interested in touring the plant. I will have more information at the next meeting.

John Seaman asked how many members were planning on attending the 2011 CORSA meet in Denver next year. John Priddy volunteered to see how many people would be interested in a caravan to Denver.

Charlie Dye won the 50/50 drawing. Congratulations, Charlie!

The meeting was adjourned at 8:24 PM.

Respectfully submitted by Bob Rencenberger

Hey, why not stay in one of those hot days this summer while we take a break and write something up about your Corvair. I will publish it as you have written the story or edit it if you request that. This part of the Fanbelt Flyer has become a big favorite and I need your story to keep it going. So, share your story with us. I will be happy to write it for you if you need me to. We would just have to set up an interview time so I can get your story. Contact me with your name, contact phone number and a good time to call you back at 623-698-9313.

For Sale:

Corvair parts- if you need parts, call John at 480-242-1211. He most likely will have it at a fair price. Club discounts apply.

If you are interested in having an ad placed in the Fanbelt Flyer for Corvair cars, vans, Ultra vans, parts or if you need hard to find parts, please contact Mary at 623-698-9313. If she does not answer, leave a message and a good time for her to call. Please have all requests in by the 15th of each month.

Joke's for Adam

WHAT IS A GRANDPARENT?

(Taken from papers written by a class of 8-year-olds)

Grandparents are a lady and a man who have no little children of their own. They like other people's.

A grandfather is a man, & a grandmother is a lady!

Grandparents don't have to do anything except be there when we come to see them. They are so old they shouldn't play hard or run. It is good if they drive us to the shops and give us money.

When they take us for walks, they slow down past things like pretty leaves and caterpillars.

They show us and talk to us about the colors of the flowers and also why we shouldn't step on 'cracks.'

They don't say, 'Hurry up.'

Usually grandmothers are fat but not too fat to tie your shoes.

They wear glasses and funny underwear.

They can take their teeth and gums out.

Grandparents don't have to be smart.

They have to answer questions like 'Why isn't God married?' and 'How come dogs chase cats?'

When they read to us, they don't skip. They don't mind if we ask for the same story over again.

Everybody should try to have a grandmother, especially if you don't have television because they are the only grownups who like to spend time with us.

They know we should have snack time before bed time, and they say prayers with us and kiss us even when we've acted bad.

A 6-YEAR-OLD WAS ASKED WHERE HIS GRANDMA LIVED. "OH," HE SAID, "SHE LIVES AT THE AIRPORT, AND WHEN WE WANT HER, WE JUST GO GET HER. THEN WHEN WE'RE DONE HAVING HER VISIT, WE TAKE HER BACK TO THE AIRPORT."

**GRANDPA IS THE SMARTEST MAN ON EARTH! HE TEACHES ME
GOOD THINGS, BUT I DON'T GET TO SEE HIM ENOUGH TO GET
AS SMART AS HIM!**

**It's funny when they bend over; you hear gas leaks, and they
blame their dog.**
